Washington

NO. _____

TIME _____

In view of the fact that these visa applicants under reference are dependents of an alien who has been lawfully admitted into the United States for permanent residence and who is presently employed on a military project or employed in private industry under military supervision, it does not appear that the dependents of such an alien would be likely to become public charges.

The Department will issue, by operations memorandum, appropriate instructions in each case. Reference will be made to this basic instruction.
